Sir:

INFORMATION DISCLOSURE STATEMENT UNDER 37 C.F.R. § 1.97(c)/(d)

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(c), Applicant brings to the attention of the Examiner the document listed on the attached IDS Form PTO/SB/08. This Information Disclosure Statement is being filed after the events recited in Section 1.97(b) but, to the undersigned's knowledge, before the mailing date of either a Final action, Quayle action, or a Notice of Allowance. Under the provisions of 37 C.F.R. § 1.97(c), this Information Disclosure Statement includes a certification as specified by Section 1.97(e).

The document listed in this Information Disclosure Statement was first cited in a communication from the Japanese Patent Office in a counterpart Japanese application (i.e., Application No. 2002-342168), and this Information Disclosure Statement is being

filed within thirty days of the mailing date (i.e., March 27, 2007) of that communication. In accordance with 37 C.F.R. § 1.704(d), no negative patent term adjustment consequences will apply to this Information Disclosure Statement.

In case the Patent Office issues either a Final action, Quayle action, or a Notice of Allowance before this Information Disclosure Statement is filed, Applicant submits that this Information Disclosure Statement is being filed pursuant to 37 C.F.R. § 1.97(d) and authorizes the Commissioner to charge the required fee of \$180.00 as specified under § 1.17(p).

A copy of the listed foreign patent document is attached. An English-language Abstract of this document is also enclosed. Applicant respectfully requests that the Examiner consider the listed document and indicate that it was considered by making appropriate notations on the attached IDS Form.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that the listed document is material or constitutes "prior art." If the Examiner applies the document as prior art against any claim in the application and Applicant determines that the cited document does not constitute "prior art" under United States law, Applicant reserves the right to present to the Patent Office the relevant facts and law regarding the appropriate status of such a document.

Applicant further reserves the right to take appropriate action to establish the patentability of the disclosed invention over the listed document, should the document be applied against the claims of the present application.

If there is any fee due in connection with the filing of this Statement, please charge the fee to our Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
GARRETT & DUNNER, L.L.P.
